12. Provide a detailed description of the proposed project and its water usage (use attachments if necessary): (Failure to provide a detailed description may cause a delay in processing.)

The project will provide water to maintain riparian habitat, including vegetation, watering, nesting, and cover for migratory songbirds and other wildlife within the Porter Springs recreation site. In addition, existing irrigated areas outside the riparian corridor will be irrigated to maintain wildlife habitat. Irrigation system will include pipeline to return flow of water into spring brook above existing stockwater reservoir downstream of wildlife habitat.

13. Miscellaneous remarks:

There is an existing Mining & Milling water right on Porter Springs. Application #14590, Certificate #4661, Owner: Ellis K. Farnham. Ellis K. Farnham held many mining claims in the area, but all were abandoned by the late 1980's.
